**7 Day Safari us\$ 2475.00 per person sharing**

You spend 3 nights at Meno Kwena

The safari never stops at Meno a Kwena, a hidden gem of a camp perched on a rocky clifftop above the Boteti River in Botswana. With a glittering roster of activities, including day trips to the Makgadikgadi Pans, guided walks with the San Bushmen, and wildlife-watching boat trips, there's plenty to get your teeth into. But sometimes, the best game viewing is where you least expect it, and at Meno, it's right in front you. From their lofty position, the tents look down on a menagerie of animals at the water below, from herds of majestic elephant, to dazzles of nomadic zebra – all you need to do is sit back, and take it all in.

At just 90 minutes by road from Maun, Meno is a good option if you're travelling as a group, or with little ones (or even big ones!). The camp was originally used by Southern Africa's legendary explorers, and although we've added a few little touches here, and some little quirks there, it's refreshingly and stylishly simple. And actually, the real treat at Meno is the connection with nature; when an elephant provides your alarm call in the morning, and you can game view straight from your private veranda, nothing else really matters.

Meno sits in an awesome location on the Boteti River overlooking the Makgadikgadi Pans National Park – a completely contrasting location, wildlife and habitat to the green and juicy Okavango Delta regions.

Watch the wildlife at the river below from the comfort of your private veranda; that's what we like to call an 'armchair safari.'

The zebra migration is resident here for much of the year. In the dry season there is no other water around and the Boteti River becomes a magnet for wildlife.

Learn a little about the traditional Botswana way of life with a visit to the local village.

Enjoy a wide range of thrilling (and unusual) activities.

The camp is great value for money and an excellent choice for families – there's a natural swimming pool, and plenty of nooks and crannies for kids to explore and watch the action at the river below.

**After Meno we do a road transfer to Maun and fly to Khwai Private Reserve and stay 3 nights at  
The Jackal & Hide**

The intimate, tented retreat is located amid the shimmering grasslands of the Khwai Private Reserve, one of the best-managed concessions in the greater Okavango Delta. Up here, there's something to see around every corner and a different activity to enjoy every day, from classic game drives to mokoro trips and boat safaris. And the best bit of all is that this iconic safari experience is all yours for an extremely affordable price. So, what are you waiting for?

The little sister to Sable Alley, The Jackal & Hide is a relaxed yet intimate hideout in the heart of the game-rich Khwai Private Reserve.

Experience the best of the Okavango Delta (in a private concession, no less) and some of the most iconic activities in Botswana for a great price.

Punt through the winding channels of the Okavango in a traditional dug-out canoe (mokoro) safari.

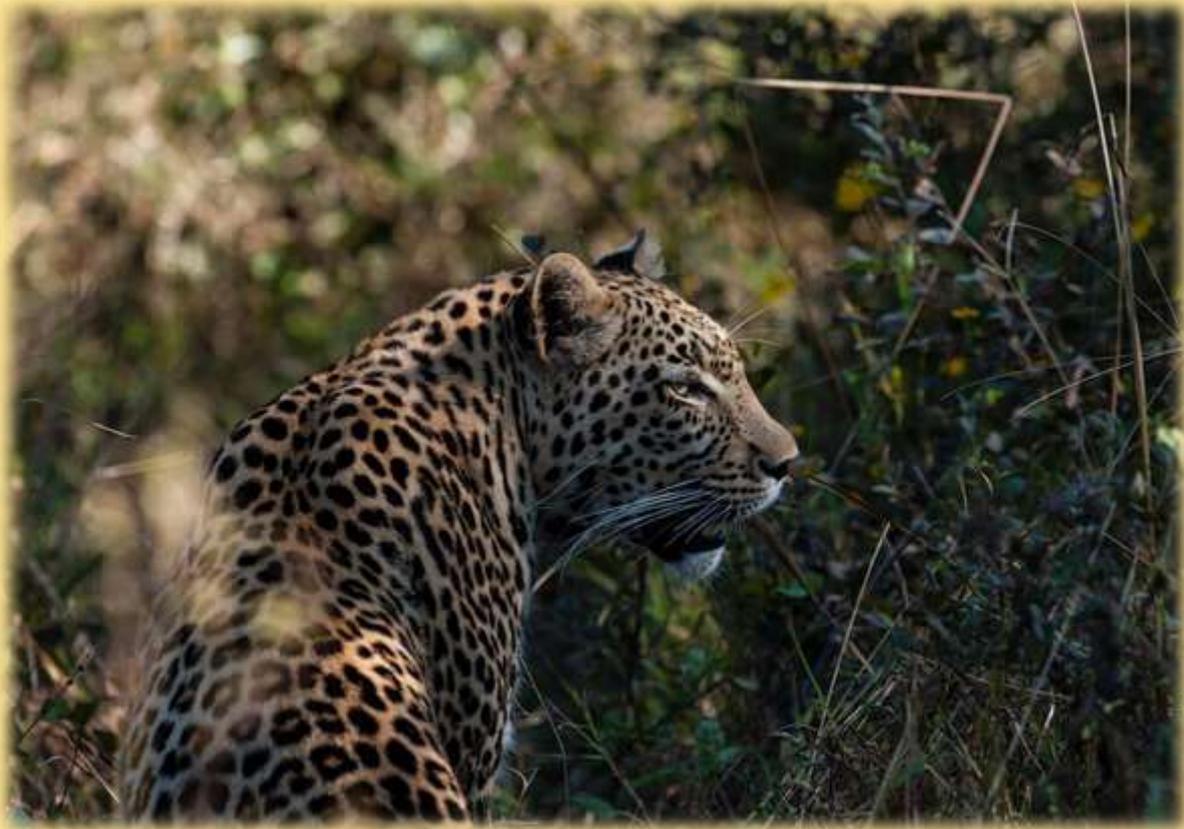

Spot all the wildlife stars of the safari show on morning and afternoon game drives; have your cameras at the ready!

Retreat to the sunken lounge at the end of the day and watch the animals grazing ahead, G&T in hand.

## **WILDLIFE**

The varied habitats of Khwai support an equally impressive cast of animals and all the stars of the wildlife show are present – as well as a few extra. The wetlands and rivers host impressive quantities of hippos and crocodiles, whilst on dry land, big cats lurk along treelines and sometimes right through camp. Sable, roan, impala and kudu dot the grasslands, alongside giraffe and zebra, an abundance of elephant and buffalo, and of course, the occasional jackal. The birdlife is fantastic and guests can expect everything from giant eagle owls to lilac breasted rollers. Khwai also has an excellent reputation for the rarer species of the African savannah including wild dogs, serval cats, honey badgers and the elusive pangolin. Binos at the ready!

Day 7 – we finish with a flight back to Maun where you can either finish your trip or add some nights in Chobe and Vic Falls.
